SEPPALA VISITED NORWAY

Leonard Seppala, the famous Alaskan musher, and his two dogs, a husky and a malamute, were in town Tuesday from Poland Spring, Me. "Ted" Ricker, Jr. of Poland Spring accompanied him. Running loose was "Togo," the least known of the world known journey Seppala made into the far north carrying antitoxin to the stricken natives. "Togo" has been presented to Mrs. Ricker and he will remain in Maine to lead the well known dog team that has attracted much attention throughout the state.

The visitors were captured by Harry A. Packard, the newspaper writer, who "covered" the late races at Poland Spring and a friend of Seppala. The team posed for pictures then trotted about town. A visit to the W. P. Tubbs Snowshoe Co. factory was a mutual pleasure and Seppala was delighted with his gift from the proprietors, a pair of the best skis in the history. The party returned to Poland Spring late in the afternoon.

Seppala has spring fever, so to speak. He leaves next week for Alaska to make a long sledging journey into the interior before the spring is too far advanced.

LETTER FROM GLADYS SMITH

My dear friends: Just a few lines from the land of Sunshine and Victory will be called that at Naples, on the Gulf, because since arriving here, Jan. 5th, I have not failed to see the sun and good weather. It has been a very pleasant one night and that night we had a bad storm so that we arose and dressed, thinking another tornado was coming.

Naples was pretty well hit by the last storm, the large pier was demolished and many buildings damaged. The Gulf is lovely, also the beach, one of the best in the world. I get it collecting shells, of which I have a large assortment. Good nuts are plentiful. Swimming and fishing are great here on the Gulf. Will close now, hoping that all my friends are well. It will seem good to see the Pine Tree State when summer comes—Gladys Smith, Naples Hotel, Naples on the Gulf, Florida.

In last week's Advertiser 13 deaths were announced and the age totalled 954 years. Therefore, the average was a little over 73 years each.

Alton C. Wheeler, who has been nearly two weeks visiting Sunday night to St. Mary's Hospital, Portland. He was accompanied by Mrs. Wheeler and a trained nurse.

NORWAY LAKE

Little Maurice Dullea fell on the ice one day last week evening, the 24th, in his head that it was necessary to take stitches which the little fellow bravely endured without a murmur.

There was a family gathering at James Frost's Thursday evening, the 24th, in honor of Mrs. Frost's 70th birthday anniversary. This was a surprise to Mr. Frost who was called home from the hall to greet the smiling faces of children and grandchildren. A large birthday cake graced the occasion.

Stanley Reichelder was out of school last week with the measles.

Ralph Dunham has the measles.

Obituary

Elizabeth Bennett Beal

Miss Elizabeth Bennett Beal died at her apartment at Main and Danforth streets at 9:30 o'clock on the morning of February 27, aged seventy-five years. She had been in failing health for nearly a year, but up to the hour of her death she had been in the enjoyment of good health. She was a native of Maine and was the daughter of John Thompson of Bangor. She was married to Mr. Beal in 1881, the daughter of General George L. and Belinda Thompson Beal. She was the granddaughter of Ezra Plumb Beal of Norway and of the renowned John Thompson of Bangor. She inherited the sturdy qualities of her famous father and the deep sense of humor which characterized her mother. Friends called daily to enjoy her company and her witty observations. The years could take no toll of her mental qualities, and she lived in the present. She was distinctly a Norway woman, inasmuch as her entire life was passed here with the exception of occasional winter absences. It was peculiarly her lot to know intimately five generations of Norway life, her own and the two preceding, and the two following. Up to the last her memory was keen and retentive, and, possibly, there was none more intimately acquainted with the history of the town. She was a friend of many new friends as time removed the older. She was missed by young and old, and in her heart she was ever young. When her capacity for enjoying active life lessened, her philosophy and unquenchable sense of humor bridged the remaining days with contentment.

She was a kind and sympathetic friend, with all that concerned the welfare of the community. During the World War she was indefatigable in the Red Cross and other "back home" work. She was called by a sister, Miss Agnes Jeanette Beal.

The funeral was held at 2 o'clock on the afternoon of March 2nd, from the residence of Dr. Beal, P. Box 12, Main street, with the Rev. Marguerite Fournier officiating. The bearers were Edwin S. Cummings, Stephen B. Cummings, Dr. Harry W. Smith, William P. Jones, Frederick H. Jones, and H. H. Jones. Interment was at the Pine Grove cemetery.

WOMEN'S CLUB

The Norway Women's Club met Tuesday afternoon at Community Hall for an afternoon with Civic matters. Representatives from several other Clubs were present.

The usual routine business was attended to. Plans were talked over for the next meeting, March 15. In the event of the speaker who was expected not being able to come, a change will necessarily be made and it is hoped to have a talk on foods and a demonstration by Miss Aiken from the Central Maine Power Company, but definite plans will be announced later.

Hon. B. G. McIntire very kindly consented to be the speaker of the afternoon and take up the question of Town Meeting. The club was very pleased to have him and interestingly. He said it might be some time to know that in the State of Maine there were some 260 towns that carry a heavier tax load than Norway.

JEWELL-McLUCAS

Frank L. Jewell and Miss Lillian McLucas, both of Norway, were married Wednesday, March 2, at 2 o'clock in the afternoon. The ceremony was performed at the home of the officiating clergyman, Rev. N. R. Pearson, of the Methodist church, and the single ring service was held.

Groveton High School basketballs met at the home of Mr. Jewell for an afternoon. The score was 28-21. The game was a hard scramble with the result in doubt to the last minute. Groveton landed 10 baskets and Norway 13 from the floor. Points on the foul line were scattering, only 1 and 2 respectively. Roy of Bates was referred.

SUMMER

We regret to write that Oliph Vanney's family has moved from the Martin place so called, to Clyde Morrill's place on Summer Hill, as they were neighbors of the kind that everyone likes to keep in the neighborhood.

Mrs. Emerson Bartlett carried Mrs. Lovell Oldham and children to Buckfield twice last week to see Dr. Atwood, who is treating her baby for an abscess under her throat. Lovell is working for Mr. Waterhouse at the head of Lake Worthley helping to set up his birch mill which is near completion.

Lell Poland, George Heath and Adeler Davenport, each with a pair of horses, are hauling logs from the Anderson lot near Ragged Jack, out onto the Sturiant field, all hard wood and very good quality too, they estimate the cut to be seventy-five thousand feet they say that this lumber is to be hauled from here to the new veneer mill at Canton in the spring upon trucks.

The former Dyer barn under the management of Linn Cole, its new owner, is filled to its capacity.

Lesson for March 6

SHARING THE GOOD NEWS

LESSON TEXT—Acts 8:4-8; II Cor. 5:14-21.

GOLDEN TEXT—Ye shall be my witnesses.

PRIMARY TOPIC—Telling Others About Jesus.

JUNIOR TOPIC—Winning Recruits for Christ's Army.

INTERMEDIATE AND SENIOR TOPIC—Telling Our Companions About Jesus.

TEACHING PEOPLE AND ADULT TOPIC—Christian Evangelism: Duty, Method, Results.

I. Preaching Everywhere (Acts 8:4).

Following the stoning of Stephen, the enemies of the Lord were more active than ever in their efforts to stamp out the new faith. With Saul as their leader they dragged men and women from their homes and imprisoned those who confessed Christ. The devil overreached himself in this. The persecution scattered the believers everywhere and they preached the gospel as they went. The time had now come for this witness-bearing to extend beyond Jerusalem as the Lord had commanded. The Lord permitted this persecution so as to scatter them.

II. Philip Preaching the Gospel in Samaria (vv. 5-8).

Philip was one of the seven so-called deacons. He was not an apostle, nor a minister in the accepted sense of that term, but a layman. He is the only man called an evangelist in the New Testament. He is an example of what a devoted layman can do in preaching the gospel in the evangelization of the world. He went to the city of Samaria and preached Christ, showing that the purpose of God included these despised people. The fact that Philip preached Christ unto these people shows that the true evangelist's message is Jesus Christ. He did not preach Christ as an ethical teacher or an example merely, but Christ as the Savior from sin through the substitutionary offering of Himself on the cross. This is shown by the fact that he preached Christ to the church from the fifty-third chapter of Isaiah. He not only preached Christ as the Savior from the guilt of sin, but from the power of sin as symbolized in baptism, which means not only identification with Christ in His death, but to arise in the power of His resurrection, to walk in newness of life. Then, too, according to verse 12 he preached Christ as a reigning king. Philip's preaching was fruitful, for multitudes believed his message which was accompanied with numerous miracles. He cast out unclean spirits, healed the palsied and the lame. Great joy accompanied the reception of the gospel by these Samaritans.

III. Paul an Example of a True Preacher of the Gospel (II Cor. 5:9-20).

1. His supreme aim was to please God (v. 9).

To live or to die was immaterial to him if his service was but acceptable to God. This transcendent aim was strengthened by the consciousness that every one must one day stand before the judgment seat of Christ. This aim explains Paul's devotion.

2. His consciousness of responsibility (v. 11).

His sense of solemn responsibility was the explanation of Paul's behavior. Some thought that he was mentally unbalanced. His knowledge of God's holy nature and of man's sinful condition moved him earnestly to persuade men to be reconciled to God. No one who knows God's terror will be half-hearted in his ministry.

3. He was constrained by the love of Christ (v. 14).

This means that he was governed by Christ's love. Ministerial devotion is the expression of reciprocal love. Christ's supreme love was expressed in His death for us. Our love in return is expressed in our devotion to Him.

4. Consciousness of the God-wrought change in Him (v. 17).

It was because he was wrought upon by God and was therefore a new creature that he sought to do His will.

5. The content of the gospel which he preached (vv. 18, 19).

The reconciliation of God through the death of Christ was his central message. In the incarnation God was in Christ, reconciling the world unto Himself.

6. Paul was an ambassador sent from God to appeal to the world to be reconciled unto God (v. 20).

He was the ambassador from the high court of heaven sent to this rebellious world. In a real sense, every Christian minister is occupying the same position.

Clever Dog Thief

Within five days the police of Abington, Pa., received reports that 61 quart bottles of milk placed on as many doorsteps had been tapped and the cream extracted. The only clue was that in each milk bottle cap a hole was punctured and the cap lifted from the bottle. Watchers then solved the mystery. The thief was a big collie dog with more than usual intelligence. The dog punctured the cardboard tops with one of his fangs. Hired out the caps and thus was able to lap out the cream with his tongue.

Snowed in From Outside World—Eloise Millett returned to Quincy, Mass., Miss Wilkins Has Clever Invention.

The worst blizzard of the season struck us on Saturday. Twenty-two inches of snow fell. There was no mail from Harrison as the narrow gauge train was snowed in at Bridgton Junction. Telephone and telegraph wires were down, no communication with Portland until Sunday afternoon. The road breaking crew was out in good season on Sunday morning with the roller and six horses and put in a long day of hard work. A good deal of shoveling had to be done. No church services were held on Sunday on account of the storm.

Mary Rounds and Katherine Stone are spending part of their vacation at their homes. They left Boston on Saturday morning but on account of the storm could not get home until Monday afternoon.

Eloise Millett has been visiting her parents for a week. She plans to go back to her school in Quincy, Mass., on Saturday but the roads were so blocked that she had to stay in Waterford until Monday.

Mrs. A. C. Townsend has been ill with the grippe.

Miss Susan Wilkins has had an elevator for her use as her increasing lameness makes it very hard for her to climb the stairs.

The clever invention of track and carriage run by a pulley, was the work of Dr. R. E. Hubbard and Urban Rogers, and we think it should be patented. It is a very satisfactory arrangement.

Miss Stanley, who has been working for Miss Wilkins for more than a year, left Monday for her home in Stoughton. Christine Jovett of Naples has taken her place.

Ray Bancroft is packing apples for T. M. and Mrs. F. H. Johnson are recovering from severe colds.

The Women's Division of the Farm Bureau held their meeting in Grange Hall, Friday, Feb. 25th. Miss Braden of So. Paris, in charge. "Square meals for Health" were in order. The committee prepared and served rice and cheese soufflé, cabbage and nut salad, graham bread and prune whip with egg sauce, and cocoa. These foods contained all things necessary for a healthy growth of the body.

March 15th, a contest of "Square Meals for Health" is to start and continue until December. No more meals like the "Apple Cookery" dinner this year. Miss Braden gave a very fine talk on foods that furnish the proteins, energy, minerals, and vitamins for the body. From her talk and the dinner served, one would judge that many of us are taking far too much food daily for our needs.

Twenty-seven women, one man and four children sat down to the dinner. Several were visitors. Next meeting is to be at Waterford Community House.

Some in the village were extremely busy the week of February 22nd, shoveling snow from their wood and then tending to the children.

EAST STONEHAM

Wedding Reception—Knights of Pythias Dance.

We had the largest snow storm of the winter, Saturday, February 26th, about eighteen inches of heavy, damp snow fell, piling it up in deep drifts as it came.

A good time was declared by all who attended the reception and dance of Mr. and Mrs. Henry McAlister, Friday evening. They had many useful presents too numerous to mention and they served a lovely treat of hot coffee, cake, candy and peanuts and cigars. Music was furnished by Myrtle Barker, piano, Clara Files and Raymond McAlister, banjos. Adrian Stearns, violin and Charles Searns, the drums. Lottie Butters helped out at the piano and Barton Files and Carlton Barker took turns playing the violin, so each one would have a chance to dance.

All sisters present taking part in the songs, quotations, and poems. At No. 2 Tobey St., Augusta, Me., lives Mrs. William Moody, well and favorably known to a large circle of friends. Fragile from childhood, always ailing, she never dared hope for robust health. Here is her story in her own words: "As long as I can remember, I have been puny and sickly. My parents did all they could when I was a child, to strengthen my constitution. But puny I remained. I never expected to be otherwise."

"My husband's marvelous recovery from three years of wasting illness encouraged me. I thought I could do as much for him, why not for me? So I gave it a fair trial. I really did not expect more than a temporary relief. But what it actually did was to rebuild my system entirely. From 98 pounds I gradually grew to 151 lbs. and right now I feel peppier and stronger than I have for years."
